

01.04.2013

From: **Cascade Park Plaza**

To: **Specto** – in attention of Mr. Murat Akcael

Dear Murat,

Firstly, let me again express my thanks for your contribution to date and tell you that it is a pleasure for me to work together. Whether it is reliability, creativity, energy and a positive outlook, it's all there.

It was a challenging task starting to a very difficult project in the midway by taking over the responsibility from others. Assisting legal team in contractual matters, finalizing the construction works, negotiating and closing the contracts with over 30 subcontractors, handling the cost management, involving in tenant relations, executing tenants fit-out works, supervision of building management team are just some of the services that were provided by Specto team successfully.

Specto has demonstrated that can act more as a team member than external partner and I would be very happy to have further collaboration with you in our future projects.

Sincerely yours,  
Alexander Van Breemen  
Administrator
